TO: Housing Data Users at the State, Regional and Local Levels

The accompanying report is an updated listing of all available information regarding the number of state and federally assisted housing units, under management or in planning, for each of the cities and towns of the Commonwealth. This publication provides data on additional programs and on units newly planned or completed since the first such report in February, 1971.

To date, combined state and federal efforts have provided ...

... nearly 40,000 occupied family low-rent housing units and 8,400 in process

... 20,000 low-income elderly housing units and 10,000 in process

... rent subsidies for nearly 10,000 low-income and elderly families

... 16,600 occupied units of moderate-income housing and 34,000 in process

The possibility of some double counting exists with respect to units under the state rental assistance and federal leased housing programs, when these programs are used to subsidize rents in assisted moderate income developments. Currently, there are over 1,000 units under state rental assistance and nearly 8,000 units under the federal leased housing program.

This report will be updated periodically. Any questions or comments pertaining to this publication should be addressed to James Gutensohn of this Department.

Sincerely,

Leon Charkoudian

LEON CHARKOUDIAN
Commissioner

This report contains information regarding the number of state or federally assisted housing units by program, under management or in process, in each of the cities and towns of the Commonwealth. Municipalities are grouped according to regional planning area. Information on three different categories of programs is given for each such regional grouping: pages labelled "a" list units of federal low-rent public housing, pages labelled "b" list FHA moderate income units, and pages labelled "c" list state financed units.

The preparation of this report was financed in part by a grant from the U.S. Department of Housing and Urban Development under the provisions of Section 701 of the Housing Act of 1954, as amended.

Publication of this document approved by Alfred C. Holland, State Purchasing Agent.
